Community Savings Scheme Collection Point

Starting 21 May 2012

1.30 – 3.00 pm Exercise Room

You will notice that we have changed the name of our new weekly Savings Scheme, but it still works in the same way. The Collection Point will be open every Monday, except for Bank Holidays, so there will be no session on 4 June 2012.

You can pay into your savings account each week if you want, but you don't have to. Maybe you would rather save each month or when you have a bit of spare money. That's fine and there is no set amount you have to put into your account. It is really simple to save using the new Community Savings Scheme.

And your money is totally safe.

Come along to the Exercise Room to open an account and start saving. If you have questions about the Scheme you will be able to chat to an adviser from LASA Credit Union and Hazel Court staff will also be there to give you support if you need it.

All matters discussed will be treated in the strictest confidence.
